control lab in california to ensure no contamination and only the highest potency while they have clear muvidster

**www.egotastic.com**

all laboratory results will be reported once we receive the information from the laboratories

**www.thumbzill.com**

there is huge variation on the market so it is wise to look carefully at the active ingredients and compare relative strength and price.

myvids er

however, if you are taking any regular medications like that for thyroid, blood pressure, diabetes etc
